You responded to brief [Full Stack Web & Mobile App Development for Fighting Website](#)

Mar 19, 5:06 AM

Hello Shane_Cullen,

Thank you for considering me for your brief.

I would be excited to help you create a comprehensive platform for managing fighting tournaments and events, with features tailored to both fighters and administrators.

With my expertise in full-stack development and mobile app creation, I can deliver a seamless solution for web and mobile (iOS/Android) that includes tournament management, live scoring, payment integration, and a user-friendly admin portal, all while ensuring secure data handling and smooth user experiences.

With my experience in both web and mobile app development, I can deliver a robust solution for Android and iOS that ensures smooth functionality, intuitive design, and secure data handling.

My Approach:

- Planning: Understand your requirements in depth.
- Design & Development: Build a user-friendly, visually appealing platform with robust features.
- Testing & Feedback: Test the platform on both web and mobile for smooth user experience.
- Security & Maintenance: Implement the highest standards of security and ensure ongoing support post-launch.

If you need any clarifications or have additional features in mind, feel free to share!

I'd be happy to discuss more details in a quick meeting to ensure we're perfectly aligned.

Looking forward to working together!

Best regards,
Sajib

Hi there,

Mar 19, 11:19 PM

Please let me know if there is any update for me regarding my proposal.

If you need any adjustment, you can also let me know that.

I'm waiting for your kind response.

Hi, all of the above sounds great. I have a basic layout of structure of how the website / app will work (a pdf file I can send later on today). Aside from the backend DB / payment gateway, a large component of this will be UI/UX design to make it easy for end users (who are not technical at all) to click through menus, enter data etc for both the backend administration, and the tournament application on web and mobile. Happy to schedule a call to go through all of this if it fits in with your skill set.

Thanks, Shane

Hi please see attached, note that the actual design of the pages are only an idea, we would prefer a more professional / clean look - This is more of a concept and roughly how it should work. Happy to have generic / sleek templates applied as currently there is no branding involved. We want to make sure that that functionality is right and work on the actual colours etc later.

Hi Shan,

Thank you for allowing me the flexibility to review your Fighting Tournament application brief.

I have thoroughly analyzed your instructions and outlined core role-based features for the admin, match official, and competitor roles. I will share these features with you via a Google Doc link for your review.

Here is the link
--https://docs.google.com/document/d/1L9Q1Ravv4mo3IG2zr68Zm8HG_GYbzc3pQMRZNx_n0se/ed1?usp=sharing

Additionally, I will ensure the design is more professional and visually appealing while maintaining the core focus of your application.

Once you confirm the features, we can proceed to the next step.

If you'd like, I am available for a Zoom meeting to discuss everything in further detail.

Looking forward to your feedback.

Best regards,
Sajib

Hi Sajib, that is an excellent list of features that I require. I am happy to move onto the next step, but also fine for a Zoom meeting if you require further detail in order to get started (I expect you may need some further input around the live scoring aspect when you get to that). Thanks, Shane

Hello Shan,

I hope you are doing well.

I have reviewed the wording adjustments your business partner suggested, and based on those corrections, I have prepared an updated quotation for you.

I believe everything now looks accurate and well-aligned with your requirements.

I would kindly request you to review the updated quote and share your feedback.

Once approved, I can send you the first milestone custom offer on Fiverr so you can proceed with the p-ayment, and I can officially start the development process.

Additionally, I have addressed your previous question regarding the support I will provide, and I hope you had a chance to review my response.

I look forward to your valuable feedback.

Best regards,

Hello Shan,

I hope you're doing well.

I wanted to follow up and inquire if there are any updates regarding the revised quote I sent.

Have you and your business partner had a chance to review it?

Please let me know the status when you get a chance. I look forward to hearing from you.

Hi Sajib, my business partner has asked for one more module to be added, a simple question/answer test module that can be used to create tests to give to referees. I've attached an example of the sort of questions that would be used (yes/no, multiple choice / etc) and what this would look like. Can you confirm that this can be added? If so I will have the signed agreement sent shortly.

Hi Sajib, my business partner has asked for one more module to be added, a simple question...

Thank you for allowing me the time to review the features you requested.

After thoroughly assessing the requirements, I understand that you're looking to implement a question-and-answer module with multiple choice options for the admin to provide referees. I can certainly accommodate this addition, but please be aware that this feature will require a significant amount of time and effort to develop.

As such, I would like to revise my quotation to include an additional charge for this feature. If we can start the project within one week, I will honor the original price in my previous quote. However, if the start date is delayed beyond this period, I will need to add an additional \$500, bringing the total cost to \$4,000.

I truly appreciate your prompt response, as it will help me plan accordingly. Please let me know your thoughts and your preferred timeline.

Hello Shane,

Thank you so much for your response.

I will take a few moments to prepare a detail quotation. I will share it with you shortly.

Me

Apr 10, 5:05 PM

Thank you so much for giving me the time to adjust the new module of questions and answers. I truly appreciate your cooperation.

Please find the link to the updated module below:

<https://docs.google.com/document/d/1eF8bLTP5QE-JXhq6ZCHESwlo6-8teGuo8AKYp9Jck/edit?usp=sharing>

I would also like to offer a \$500 USD discount if we can begin the project within the next 7 days. I believe we are on track to start within this timeframe and I'm looking forward to moving forward.

together. But for now, I have still kept \$3500 USD in the quotation.

However, if the project starts after the next 7 days, there will be an increase in the price to \$4000 USD to ensure the work proceeds smoothly and efficiently, as it will require significant time and effort.

Additionally, I have attached the NDA with my signature at the bottom of the quotation for your review. Please feel free to sign it at your earliest convenience.

Should you have any questions or need further clarification, please don't hesitate to reach out. I'm happy to assist with any inquiries you may have.

Looking forward to creating something extraordinary together.
